

Declass Review by NIMA/DOD

Approved For Release 2004/02/12 : CIA-RDP78B05703A000500010013-5

O/PPI

Bob - As regards [redacted]
lack of a wife, I do not
regard this as a drawback
in the case of [redacted]
[redacted] as a single man
would be a lot better than
than any we have sent with
wives.

We endorse Mr. [REDACTED] application with enthusiasm. His absence from NPIC would be regretted, but he would make a fine contribution as--and is well suited to be-- the DDI's representative [REDACTED]

[REDACTED] has served OCI, NPIC, and the intelligence community as an intelligence officer and manager for 18 years. For 10 years he was assigned to OCI, becoming a leading intelligence officer responsible for analyzing and reporting internal Chinese Communist political developments, Sino-Soviet relations, and Peiping's atomic energy program. The past eight years [REDACTED] has been involved in the production of intelligence derived from photo reconnaissance, including management of the NPIC division responsible for Southeast Asia and Communist China. In all these assignments, [REDACTED] has shown a marked ability to analyze the problem and make the pertinent response. (see attached sheet)

CAREER SERVICE BOARD ENDORSEMENT (Cont'd)

25X1 [] has successfully undertaken several special assignments for the Center which have demonstrated his tact in dealing with intelligence officers from other services. His experience with and knowledge of photo reconnaissance would be relevant to [] developing use and understanding of modern photo reconnaissance systems. 25X1

25X1 [] is single. He is a good host, has a pleasing and engaging personality, and meets people easily. He is well read on his area of interest, is an engaging conversationalist and is an active participant in community affairs.

25X1 We feel that the experience [] would gain from the assignment
25X1 [] would be of value to his work for the Center. Our review of his prospective career indicates that he would be assigned to another leading managerial or staff position upon his return.
